ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. You must be satisfied. **PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

The coins will be on display the day of the sale at our offices and can be seen by appointment any day prior to the sale.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

YOU WILL WANT A PRICE LIST OF THIS SALE

TO KNOW WHAT COINS ARE BRINGING

PRICE LIST OF SALE \$1.00

IS THIS YOUR FIRST AUCTION CATALOG?

Proof coins, branch mints 1892-1934 unc., currency and commemoratives seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results obtained in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** in the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even the auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING THESE
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN.

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having cataloged over one hundred ninety successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 6¢ airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

CURRENCY—DEMAND NOTES

The following notes are being cataloged with the new 1956 (second edition) Friedberg Currency Book valuations. We were privileged to help with the new edition as well as with furnishing records of valuations and prices realized at our sales the past two years. **PRICES IN THE NEW EDITION WILL NOT COME AS A SURPRISE TO OUR CLIENTS AND FRIENDS. THE CATALOG FOLLOWS THE MARKET CONFIRMING WHAT THE NOTES ARE ALREADY BRINGING.** For instance: the \$2 Educational note (F No. 247 and 248) which cataloged \$55 in the first edition two years ago now cataloged at \$150. However, now (several months since the price records were compiled) the note is already bringing \$165 to \$175. Naturally, when the note cataloged \$55 it was "too high" at \$75 but to those few collectors who had the acumen to acquire it at \$75 (or \$100 or even \$150) it is no longer "too high" at their purchase price. To the collector trying to acquire it at the new catalog price of \$150—we wish you luck. However, we were already obtaining \$150 for them a month ago from dealers (more now). Within the next two or three months it will probably surpass \$200. **RARE AND CHOICE NOTES (AND COINS) WILL ALWAYS BE "TOO HIGH" SINCE THE INCREASING DEMAND AND DIMINISHING SUPPLY WILL CONSTANTLY KEEP THEM ADVANCING.** Good luck and "good hunting."

- 348 \$5 1861 Columbia and Alexander Hamilton, distinctive reverse used only on this issue. **THE ONLY NOTES NOT BEARING THE U. S. TREASURY SEAL.** Payable at New York, very fine. **FAR SUPERIOR TO THE USUAL SPECIMEN.** ..Cataloged only in fine at \$150; this one worth 300.00
- 349 \$5 1861 Philadelphia, fine with nice color. **SUPERIOR TO THE USUAL SPECIMEN.** 150.00

NATIONAL GOLD BANKS

Rare in any condition (even a "rag" barely legible, repaired, holed etc.) but prohibitively so in fine or better condition. We note the new edition recognizes this by pricing them in two conditions only; good and fine. Since these notes were issued in a ratio of one to 1500 of the regular nationals, it is remarkable that any have survived. We note a new heading in the new edition, "ALL NOTES IN THIS SECTION ARE VERY RARE IN A STATE OF PRESERVATION BETTER THAN FINE."

MERCURY DIMES 1916-1945

We believe that future editions of the Guidebook will note that choice well-struck specimens are worth a substantial premium over regular "uncirculated" ones; thus rounding out the premium picture for modern coins as already indicated for 50c, 25c, 5c, 1c. Just try and complete a gem set of Mercury dimes and see how difficult it is. IT IS OUR OPINION THAT THERE ARE A NUMBER OF SLEEPERS IN THIS SERIES, ESPECIALLY IN GEM CONDITION. Remember, the real "bargain" is the coin which appears to be "too high." For example, the 1927-D which cataloged \$100 last year was "too high" when it brought \$125 to \$150; now that it catalogs \$140 (nearly 50% rise in value in one year) it will still be "too high" at its market value of \$150 to \$200. We have always felt that the real bargain was the opportunity to acquire the coin. Just because a coin catalogs at a price does not mean that it is available on the market at that price (just check any auction and see how consistently rare coins bring over "catalog"). The market does not remain static but is constantly advancing, especially on choice material. YOU CANNOT BEAT THE LAW OF SUPPLY AND DEMAND.
